75 Years, Greater Cincinnati Police Federal Credit Union  
That's why we are gathered for this reunion

Dictionary says "Union" is the act of uniting two or more things into one  
People, there were more than two, and then some

Slowly as much as the money would bear  
Happy times, worrisome times--the credit union was there

Fixing it up or buying a home to add a baby or two  
You know about the billing, had to learn how to coo

I really shouldn't be bringing this up  
But next you'll be getting your favorite mutt

Before the home and babies come  
You might want to have some fun

Motorcycles by Harley, fishing and boats  
Maybe for wifey a nice fur coat

Then being practical, saving to add to your wealth  
Or time to help better someone's health

As loans are accepted, others in review  
Your credit union is there for you

Another twenty-five, fifty or even seventy-five  
Your Greater Cincinnati Police Federal Credit Union will survive
