

COPFCU Money Bingo Instructions

1. Print out Bingo boards. If possible, laminate the Bingo boards for greater durability.
2. Print and cut out Bingo calling cards.
3. Shuffle the calling cards and call out one amount at a time.
4. Students will find the matching coin amount on their Bingo board and mark it with a bingo chip, coin, dry erase marker, etc.
5. The first student to get 4 coin amounts in a row, either horizontally, vertically, or diagonally, calls BINGO to win the game.
6. If desired, trade cards and play again.
